

Datasheet

F2X® Building Entry Point (BEP)

- For simplified FTTH installations
- Ressource-saving installation
- Reduces number of appointments at the customers building

Outdoorcable

- Pre-assembled with LC or SC simplex connectors
- Pre-installed in termination device and adapter
- Metal-free
- No Splicing at the customers building necessary
- For up to 12 fibers
- With the cable blowing machine UltimaZ E25 we realised 500 m blowing distance

Building Entry Point

- LC or SC special connector (compatible to standard connectors) pre-installed
- allows an optimized measurement without entering the customers building

Dimensions	Width	163 mm
	Height	242 mm
	Depth	46 mm
Material	Polycarbonat	
Protection Class	IP54 (EN 60529) ingress protection IK06 (EN 62262) impact resistance	
Distribution Panel	6 LC duplex adapters (12 fibers)	
	6 SC adapters (6 fibers)	

Version: 10.12.2020
