

Datasheet

Duplex Patch Cord (Jumper Cable) I-F(ZN)H 2...

- Duplex patch cords can be delivered in any length and assembled with all connector types
- Duplex round cable
- Indoor cable
- Strain relief element: Aramid
- Connection of short cable lines

Properties

- Halogen-free, flame-retardant
- Non-corrosive or toxic combustion gases
- Convenient installation and ideal bending radii on all levels
- Cable lengths according to customer request

Jacket Color

- Yellow (OS2)
- Aqua (OM3)
- Heather violet (OM4)
- others on request

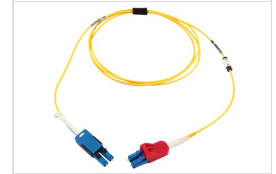

Fiber Types

- E9/125 μm (OS2)
- G50/125 μm (OM3/ OM4)

Technical Data

Nomination	I-F(ZN)H...
Number of Fibers	2
Diameter	1.85 mm
Tensile strength	Max. 300 N
Crush Resistance (permanent)	Max. 150 N / dm
Cable Weight	Approx. 3.6 kg / km
Fire load	0.10 MJ / m
Bending Radius (Operating)	Min. 28 mm
Bending Radius (Installation)	Min. 37 mm

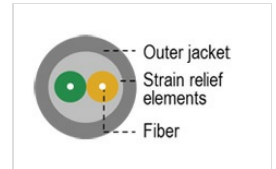

Version: 25.10.2022
